<b>Common Name</b>	<b>Description</b>
Aprium, Flavor Delight	Hybrid of apricot and plum; resembles an apricot but with a distant flavor; very sweet
Crabapple, Dolgo	Large, bright red fruit that is excellent for jellies; superb pollinator for other apples
Crabapple, Whitney	Large fruit is great for canning, preserving and even fresh eating
Fig, Brown Turkey	Brown skin & pink flesh; sweet flavor; self-fruitful
Fig, Kadota	Greenish-yellow skin & amber-colored flesh; sweet fruit needs hot weather to ripen; self-fruitful
Fig, Mission	Purplish-black skin & strawberry-colored flesh; rich flavor; heavy bearer; self-fruitful
Kumquat, Nagami	Bright orange, nearly round fruit; delicate tasting
Lemon, Improved Meyer	Thin-skinned, juicy lemons produced year-round; must be brought indoors in winter
Plout, Flavor King	Plum-apricot hybrid; sweet, red flesh has a spicy flavor; pollinated by Flavor Supreme or Santa Rosa plum
Plout, Flavor Queen	Plum-apricot hybrid; greenish-yellow skin & amber-orange flesh; very sweet; pollinated Burgundy plum
Plout, Flavor Supreme	Plum-apricot hybrid; red flesh is firm and sweet; greenish-maroon mottled skin; pollinated by other Plout or Santa Rosa plum
